

Scott D Conroy
Forest Supervisor
RR-SNF
333 W. 8th.
PO Box 520
Medford, Ore. 97501

Dear Forest Supervisor Conroy,

In the interest of better understanding of our position,
The MRA, Motorcycle Riders Association, has had
and still has issues with the High Cascade Ranger District
on the short OHV riding time in the Prospect OHV Trail System.
This is a great system. It's scenic and well kept.
It's just too short (3 1/2 months).

A lot is heard about Elk Winter Range.
Winter Range is over May 1 to Nov. 1.
We, the MRA and all other OHV'ers, feel that
May 1 to Nov. 1, would be a more appropriate riding season.
Snow season, fire season, and green dot would of course
see closures.
The district really needs to think about this.
Money is available.
Sincerely,
